

Eyelash Tint Aftercare

- If any redness or irritation occurs apply a damp cotton wool compress. If symptoms persist for more than 24 hours seek medical advice.
- Avoid eye make up for 12 hours.
- Avoid touching/rubbing your eyes straight after the tint application.
- No swimming/saunas/sunbeds for 24 hours.
- Avoid rubbing the eyes
- Although I do make sure every trace of dye is removed, it is possible that residues may remain
- Do not apply make-up or receive any other eye treatments for at least 24 hours after your treatment.
- Try to use oil free facial products around the eye area to prolong the colour.

Eyebrow Tinting Aftercare

After your eyebrow treatment please follow my aftercare advice to get the most out of your newly tinted lashes and prolong the colour

- If any redness or irritation occurs apply a damp cotton wool compress. If symptoms persist for more than 24 hours seek medical advice.
- Avoid eye make up for 12 hours.
- Avoid touching/rubbing your eyes straight after the tint application.
- No swimming/saunas/sunbeds for 24 hours.
- Avoid rubbing the eyes
- Although I do make sure every trace of dye is removed, it is possible that residues may remain
- Do not apply make-up or receive any other eye treatments for at least 24 hours after your treatment.
